**201C OSINT**

# **Navigating the New Era of Open Source Intelligence**

**May 27-28, 2026 | 1000-1800 EDT (1400-2200 UTC)**

## **Knowledge Hides in Plain Sight - Master the Skills Required to Uncover It**

In a world awash with disinformation, censorship, source credibility issues, AI feedback loops and "infoxication", finding reliable information online is now more challenging than ever.

This engaging and comprehensive two-day hands-on course will provide you with updated skills, new ways of thinking, and the cutting-edge online tools required to navigate the online domain with precision, efficiency, and ethical integrity.

### **YOU WILL LEARN**

- Advanced Search Techniques:** The latest tools and techniques used by intelligence analysts, law enforcement, cybersecurity experts, and corporate investigators.
- A New Investigative Mindset:** To tackle challenges posed by AI-driven search engines and use them more effectively.
- To Identify Deception and Suspicious Activity:** The cognitive mechanisms behind deception and the techniques for effectively overcoming them.
- To Leverage Online Monitoring and Automation Tools:** Setting up systems to convert raw data into actionable insight, while avoiding common traps that result in failures.

### **CURRICULUM HIGHLIGHTS**

#### **Search Foundations for Effective OSINT:**

- Strategies for Managing AI-Driven Technological Change
- Search Query Analysis
- Online Security: Maintaining Operational Integrity
- Tools for Automation and Monitoring
- Foreign Language Searches and Navigating the Chinese Internet
- Managing and Leveraging Location-Based "Filter Bubbles"
- Advanced Search Operators and Results "Signal to Noise Ratios"
- Key Identifier Resolution (Including Usernames, Email Addresses, Phone Numbers)
- Fact-Checking Best Practices
- OSINT Ethical and Legal Considerations

#### **Misinformation, Disinformation, and Malinformation (MDM):**

- MDM Actors and Motivations
- Disinformation Propagation Mechanisms
- Impact of MDM on OSINT Operations
- MDM Identification and Assessment
- MDM Mitigation Strategies

#### **Mechanisms of Deception: Deepfake Imagery:**

- How Deepfakes Are Created Using AI and Machine Learning
- Best Practices for Verifying Deepfake Imagery
- Legal Frameworks and Regulations Aimed at Combating the Misuse of Deepfakes

### **PRICE**

**\$574.99** plus tax

*\*Limited seats available.*

### **Includes:**

- Two-day studio-quality, live streaming, interactive training
- Comprehensive collection of downloadable training materials
- Special access to select OSINT resources
- Certificate of completion

### **3 WAYS TO REGISTER**

- Register online [here](#)
- Email your details and training needs to [training@toddington.com](mailto:training@toddington.com)
- Call us at **604-468-9222**

### **TRAINING DELIVERY**

This training will be delivered remotely via the **Zoom** video conference platform on:

**May 27-28, 2026  
(1000-1800 EDT / 1400-2200 UTC).**

### **TECHNICAL REQUIREMENTS**

Participants will require access to the internet, as well as a computer that is capable of accessing the internet and installing/downloading basic software for the course. Participants can be provided with a list of software to be downloaded in advance of the course upon request.

## Critical Thinking for OSINT Practitioners:

- Information Resilience and Fact Checking
- Evaluating Sources for Credibility and Reliability
- Cross-Referencing and Corroborating Information
- Identifying and Mitigating Cognitive Biases

## Image Intelligence and Analysis:

- Image Verification and Authentication
- Meta Data and Image Forensics
- Photogrammetry and Location Analysis
- Ethical Facial Recognition Tools

## ABOUT TII

Over the past 27 years, and guided by the principles of **Knowledge, Integrity, and Excellence**, TII has built a broad international network of practitioners, deliberately selected from a variety of backgrounds for their passion and innovation. The TII team has extensive experience in national security issues, complex criminal investigations, counter-terrorism operations, disinformation countermeasures, anti-money laundering compliance, sanctions enforcement, non-proliferation, public safety, and anti-human trafficking issues, among others.

TII's clients include a wide range of law enforcement, public safety, and regulatory agencies around the world, particularly in Canada, the United Kingdom, Australia, New Zealand, and the United States. Training services are regularly conducted on behalf of Interpol to its member organizations; NGOs served include CRDF Global and the International Justice Mission, and ongoing training is provided to a wide range of private sector organizations in North America, Latin America, Europe, Asia, and Africa.

A federally certified educational institution in Canada, TII is committed to improving people's lives around the world, and each year donates expertise, resources, and funding to various humanitarian initiatives.
