# AI for OSINT

January 13-14, 2027 | 10:00 AM-6:00 PM ET | 8:00 AM-4:00 PM PT | 3:00 PM-11:00 PM UTC

## Beyond the Prompt: AI Tradecraft for OSINT Professionals

Artificial intelligence is transforming OSINT, offering powerful new ways to support research, analysis, and reporting while introducing risks that require disciplined verification, critical thinking, and professional tradecraft. **AI for OSINT, Beyond the Prompt: AI Tradecraft for OSINT Professionals** is an intensive two-day instructor-led course that equips investigators and intelligence professionals with practical workflows, structured techniques, and responsible methods for integrating AI across the OSINT lifecycle.

### YOU WILL LEARN

- Apply AI effectively across the OSINT lifecycle while maintaining analyst control and professional tradecraft.
- Use structured prompting and repeatable workflows to support research, analysis, and reporting.
- Verify AI-generated information and identify hallucinations, bias, misinformation, and analytical weaknesses.
- Assess synthetic media and apply responsible practices for AI use, documentation, and governance.

### CURRICULUM HIGHLIGHTS

#### The AI Landscape for Investigators:

- AI capabilities, limitations, and misconceptions
- AI roles in investigations

#### Understanding Modern AI:

- LLMs, reasoning models, context, and confidence
- Why AI generates convincing errors

#### AI Platforms for Investigators:

- Leading platforms and tools
- Capabilities, privacy, limitations, and use

#### Structured Prompting for Investigators:

- Investigative planning and tasking
- Hypothesis testing and confidence assessment

#### AI Across the OSINT Lifecycle:

- Collection, multilingual research, extraction, and mapping
- Analysis, timelines, reporting, and documentation

#### Practical AI Investigative Workflows:

- Realistic investigative scenarios
- Repeatable workflows preserving tradecraft

#### Verification & Investigative Tradecraft:

- Cross-source verification and source evaluation
- Confidence, documentation, and auditability

### PRICE

**\$749.99** plus tax

*\*Limited seats available.*

### Includes:

- Two-day live interactive training
- Downloadable training materials
- Access to select TII OSINT resources
- Certificate of completion

### 3 WAYS TO REGISTER

- Register online [here](#)
- Email your details and training needs to [training@toddington.com](mailto:training@toddington.com)
- Call us at 604-468-9222

### TRAINING DELIVERY

This training will be delivered remotely via the **Zoom** video conference platform on:

**January 13-14, 2027**  
**(10:00 AM-6:00 PM Eastern**  
**| 8:00 AM-4:00 PM Pacific**  
**| 3:00 PM-11:00 PM UTC).**

### TECHNICAL REQUIREMENTS

Participants will require access to the internet, as well as a computer that is capable of accessing the internet and installing/downloading basic software for the course. Participants can be provided with a list of software to be downloaded in advance of the course upon request.

### Synthetic Media & Deepakes:

- AI-generated images, video, audio, and documents
- Structured assessment and verification

### Risk, Ethics and Governance

- Hallucinations, bias, privacy, and legal issues
- Documentation, accountability, and governance

### Capstone AI-Assisted Investigation

- End-to-end investigative scenario
- Planning, collection, analysis, verification, and reporting

### WHO SHOULD ATTEND

- Investigators & Intelligence Analysts
- Researchers, Academics & Journalists
- Law Enforcement & Government Professionals
- Public Safety & Security Professionals
- Digital & Cyber Investigators
- Business & Competitive Intelligence Professionals
- Financial Crime, Fraud & AML Professionals
- Regulators, Compliance & Risk Professionals
- Legal & Due Diligence Professionals
- Information & Research Specialists
- Auditors & Corporate Investigators
- Professionals Using AI for Research, Analysis & Investigations

### ABOUT TII

Toddington International Inc. (TII) is a Canadian investigations, intelligence, technology, advisory, and training company serving government, defence, intelligence, law-enforcement, financial, regulatory, corporate, critical-infrastructure, international, and non-governmental organizations worldwide.

Since 1997, TII has helped clients identify risk, uncover critical information, strengthen investigative and intelligence capabilities, and make better-informed decisions. We combine experienced practitioners, proven methodologies, scalable learning products, advanced investigative and advisory services, AI-enabled research, and technology-supported intelligence solutions within one trusted organization. Our capabilities include internationally recognized OSINT training, advanced online investigations, enhanced due diligence, corporate intelligence, third-party risk assessment, AI-enabled research, cyber and dark-web intelligence, digital-threat monitoring, and technology-supported analysis.

Our purpose is clear: **Making the World a Better, Safer Place.**

2,000 FREE Resources**

### COURSE TERMS & CONDITIONS

1. Three or more delegates from the same company are entitled to a 10% discount.
2. Registrations are confirmed with written confirmation via email. Should the delegate not receive an email, it is the delegate's responsibility to contact TII to confirm their registration.
3. Payment must be received in full in advance of the course.
4. Cancellations received 30 days before the course date will receive a refund, less a \$50 administration fee. After this date, the full fee must be paid, but substitutions may be made at any time.
5. TII reserves the right to cancel or change course dates, instructors, content, or conditions without prior notice.
6. Deviations from the curriculum may occur as deemed necessary for the benefit of the attendees.

**Disclaimer:** Please note that our courses do NOT provide guidance on law and legislation in relation to information gathered during the course of an online investigation. Please ensure that you are familiar with appropriate legislation governing collection, analysis, dissemination, and storage of information obtained online relating to individuals, groups, and organizations prior to proceeding with any online investigation.

Toddington International Inc. accepts no responsibility for instructions contained within the course material which are applied inappropriately or contrary to the law, legislation, or guidelines governing your organization, country, or region.
